

2025 Student Presentations

In October, Kulin DHS students Cassie Kempton, Jenny Manning and Tadhg McInnes represented the Kulin community on a week long humanitarian trip to Cambodia.

Together with teachers Tiri Singh and Emily Bastian, and coordinator Ben Whisson, they helped build homes and connect with local families — an unforgettable experience made possible by the incredible support and generosity of many people and organisations.

Please come and hear their stories and reflections from this inspiring journey!
