

KDHS NEWSLETTER

From The Principal's Desk

By Mr Walker

WOW! What a term. So much work, so much fun, and so much to celebrate.

- We have new play equipment and renovated spaces in the Kindy/Pre-primary area.
- We had our school review and received very positive feedback from the external review team. A Public-School Review Report will be available for all to read early next term.
- We held a Science Day where our Year 7's shared with the whole school the wonderful work they have been doing in science. Everyone then got to learn a bit more about the world around us with science-based activities.
- Athletics Carnivals have been held with our students exhibiting great attitudes, sportsmanship and behaviour. Freebairn Flyers were successful at our Faction Athletics Carnival, and we were second overall in the Interschool Athletics Carnival. There were some tremendous efforts from our students who were very well supported by big crowds at both carnivals.
- Our student council lap-a-thon last week was a huge success raising over \$3600 for the Fiona Wood Foundation, Burns Centre of Excellence.
- Our Year 1/2 class got all dressed up and visited the Wagin Historical Village. They looked great and had a wonderful day. The outfits brought back memories for Mr Singh and I of when we were small boys heading off to school (a long time ago 😊)
- Aaron had the Year 6's and High School students working well in the Blue Shed. Our specialist welding boys spent a couple of days with Aaron and made a fantastic fire pit.
- This week is Country Week for our High School students. We have teams entered in Basketball, Hockey and Futsal.

With all of this and classroom work everyone at Kulin is living our school vision and always attempting to:

STRIVE with confidence
STRIVE with respect and;
STRIVE for success

KDHS NEWSLETTER

From The Principal's Desk

Happy Holidays

I wish everyone a safe and happy upcoming term break. For all of those involved with the Kulin Bush Races all the very best. It is an event that puts Kulin on the map, and we are very thankful for all the hard work that goes into showcasing what a great community we have.

I look forward to seeing students and staff back at school on Monday 13 October for the beginning of Term 4.

Staff Changes

On behalf of all at Kulin District High School and our school community I wish Elizabeth (Ms Bailey) and Quin, all the best as their family grows. Elizabeth will be taking parental leave from the beginning of Term 4. As well as teaching our High School Science with skill and passion, Elizabeth takes on many other roles in our school. Not least of all supporting and coordinating our student leaders, being a bit of an IT guru and playing a major part in setting a positive school culture. Best of luck Elizabeth as a new life adventure awaits. When you are ready to return, we will welcome you back with open arms.

We have 2 new high school staff joining our team next semester. Miss Gabrielle Curran and Ms Suzanne Moorfield. I know everyone will make them feel very welcome to Kulin and to our team.

Cambodia

Good luck to our team from KDHS who join the Humanitarian Housebuilding 2025 Cambodian Tour. Our team leave at the end of the upcoming holiday break and will be in Cambodia during Week 1 of next term.

Travel safe, the work you will do will make a huge difference to a Cambodian family. Go well Tadhg, Cassie, Jenny, Mr Singh, Ms Bastion and Ben Whisson. We are proud of you all.

Garry Walker

Country Week Snaps!

Country Week mini update

30 students and 5 staff arrived at Karrinyup Waters late Sunday afternoon.

As I'm writing this it is Wednesday morning and all sides are having some successes.

Basketball just fished their first game today and had a 36-35 win over Exmouth.

My heart is still pumping.

The students have been awesome displaying great sportsmanship, teamwork and support of each other.

Fremantle Prison tonight with the plan not to leave anyone there.

Having a great week, but also looking forward to Friday.

A huge shoutout to all participants students and our amazing staff team.

Go Kulin!

ENDEAVOUR

AT KULIN DISTRICT HIGH SCHOOL TO SHOW ENDEAVOUR WE :
TRY OUR BEST IN ALL THAT WE DO

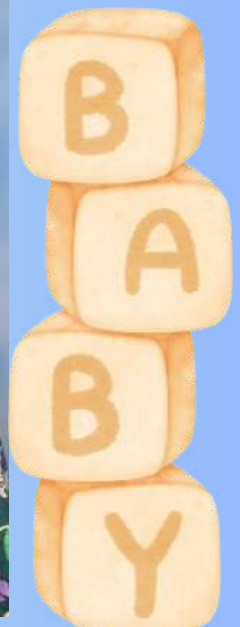

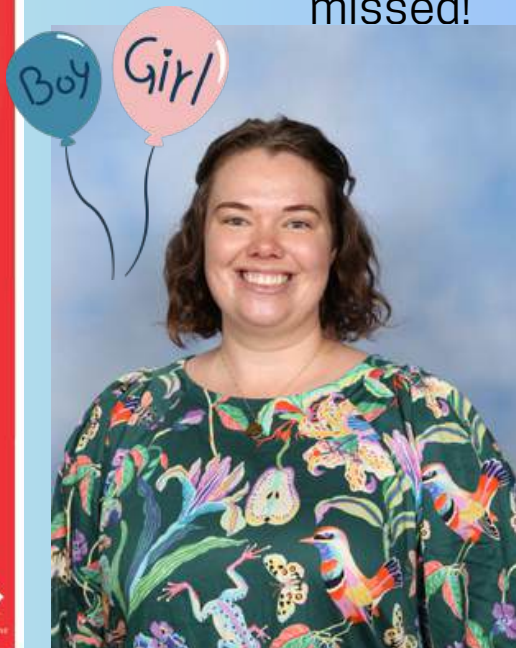

AT KULIN DISTRICT HIGH SCHOOL TO SHOW **ENDEAVOUR** MEANS I WILL:

- Work towards my personal goals
- Seek help when it is needed
- Always try to do my best with my schoolwork and my friendships
- Be persistent and never give up
- Set a good example for others

Wishing Ms Elizabeth Bailey all the best during her maternity leave. She will be greatly missed!

2025 SCIENCE DAY

During Week 7, we celebrated a belated National Science Day with plenty of science activities for the whole school. This year also included some special demonstrations by the Year 7 students who spent the term preparing and learning their own demonstration. Read on for information about each of their activities.

Cloud In A Bottle

On 4/9/2025 we amazed KDHS with the best experiment in the book - a cloud in a bottle! This amazed the whole school, and we think it was pretty cool too. The cloud was made by one ingredient isopropyl alcohol which is very dangerous and a plastic water bottle. The isopropyl alcohol must touch every surface of the bottle possible then twist the bottle very tight. 3 2 1! Cloud yes, a really cool cloud.

By Pas, Chase and Sam

Fire Snake

Have you ever heard of the fire snake? It's a snake that grows out of sand. Gustav and William showed the school the fire snake emerging from the sand. It was made by adding sand, bicarb soda, sugar and lighter fluid, then we lit it up with a lighter.

The time this experiment takes, will depend on how much of each ingredient is used. As the charcoal snake came out, the crowd was surprised that it worked.

By William and Gustav

Volcano

Have you ever watched Mount Fuji and wished that you could make your own volcano? We showed the school how to make a volcano using vinegar and bi carb soda. As we added the vinegar to the bottle, we watched the explosion. **By Trazarne and Damion**

Dancing Corn

Have you ever seen corn dance? Well on science day, the day of explosions and bringing excitement to school, we brought corn to life with simple ingredients such as bicarb soda, vinegar, water and corn kernels. When we mixed in the vinegar it began to fizz and bubble and as it cleared out, we surprised our crowd with our swaying prancing dancing corn.

By Erik, Tyson and Flynn

Circuits

On Science Day I made a circuit board for everyone to play with and have fun. The circuit boards would connect together, and some lit up and some made fans. The circuit board was a success and everyone loved it. The circuit boards were simple, and the kids knew what they were doing, and some got the hang of it quite easily.

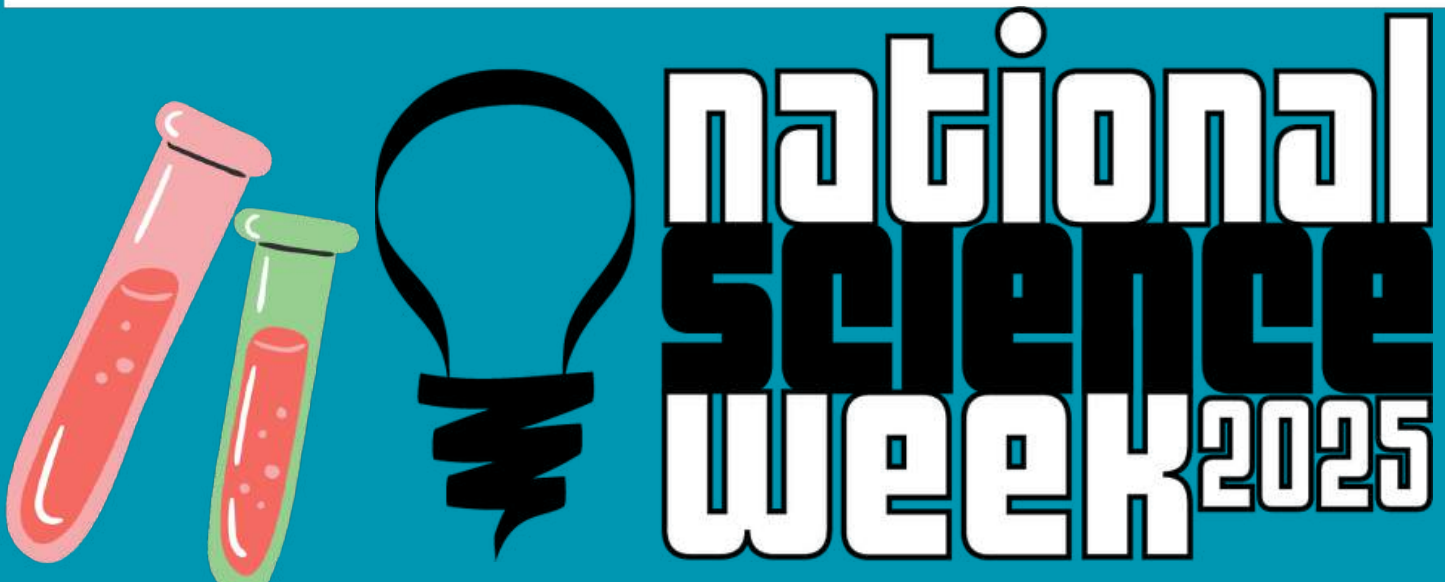

By Kobe

Elephant Toothpaste

Have you ever wondered how elephants brush their teeth? Well on Thursday we showed the whole of Kulin District High School, just how they do it. We started off by adding all the ingredients which consisted of dish soap, warm water, yeast, food colouring and hydrogen peroxide. As we poured the yeast in, we made a bubbly foamy type liquid. The students were amazed, but we are sure it was not what they expected.

By Pearl, Amy, Freyja, Chloe and Susan.

LAP-A-THON

In Week 8, the Student Council ran a Lap-A-Thon in conjunction with Earl St Physio. The Lap-A-Thon was raising funds for the Fiona Wood Foundation. The students participated by running/walking as many laps of the school oval as they could in 40 minutes. It was a massive success, and it was amazing to see everyone giving their best effort.

LAP COUNTER

K/PP – 201 Laps

Year 1/2 – 403 Laps

Year 3/4 – 543 Laps

Year 5/6 – 583 Laps

High School – 785 Laps

School Total – 2 515 Laps!!

FUNDS RAISED

We are so pleased to announce that the Lap-A-Thon has raised over **\$3600** for the Fiona Wood Foundation. This is still increasing as donations are still coming in. A massive thank you to everyone for their support!

Fiona Wood
Foundation

FIONA WOOD FOUNDATION

The Fiona Wood Foundation drives advancements in burn injury treatment by funding and facilitating research to improve understanding of burns, develop new technologies, enhance scar healing, and improve burn survivors' mental and physical recovery outcomes.

SMILE BREAKFAST

A young boy wearing a grey flat cap, a white shirt, a patterned vest, and brown suspenders is standing in a grassy field. He is holding a small, colorful toy airplane in his right hand and a coiled rope in his left. The background is a blurred green field. The image is framed by a dark, irregular border.

Thank You

Thanks to our amazing P&C, our students are able to enjoy these educational resources in our K PP!
